

"ANKURAN"

- A Germination and Plantation Project initiated by the college under the aegis of "Environment and Climate Cell, B.N. College"

(Date: 05/06/2022)

In connection with the observation of World Environment Day 2022, an initiative, named "Ankuran" was undertaken by the Environment and Climate Cell, B.N. College, Dhubri (Sponsored by ASTEC, DST, Govt. of Assam).

The project was initiated with the aim to,

- Collect and preserve indigenous Plant Seeds by students and staff.
- Germinate the seeds at the college nursery and rearing of saplings till the attaining of plantable age.
- Undertake planting of saplings in and out of the campus.
- Donate saplings and invites community participation.

Dr. Dhruva chakrabortty, Principal B.N. College welcomed the participants in his inaugural speech and explained the purpose of the project.

Dr. Chakrabortty, in his speech, also described the need of preserving the indigenous plant species and their plantation in the society.

Mrs. Rita Bora, Vice Principal, Dr. Susmita Sen Gupta, Coordinator, IQAC, Dr. Samuel Sheikh, coordinator of Environment and Climate Cell and a good number of teachers and students participated in the program.
