Along with the syllabus based normal class teaching, the Career Counselling and Placement Cell of the college is always try to uplift the personality and to help the students in choosing a better career option for their life by organizing different types of seminar, workshops, lecture etc. As a part of that on 21st and 22nd September, a two days workshop was held on the college under the banner of Career Counselling and Placement Cell of the college. The cell has organized the workshop in collaboration with E cell IIT Kanpur & DC crackers. At the workshop, a total of 141 students (B. A./ B. Sc. 3rd) from different departments (namely Physics, Chemistry, Botany, Zoology, Mathematics, Computer Science, Economics, English and Pol. Sc.) of the college has participated.

On the first day (21/09/2019), at 10.00 A. M., Dr. D. Chakraborty, Principal, B. N. College, Dhubri has officially inaugurated the workshop. In the workshop, Mr. Niyaz Quraishi, motivational speaker from D C Cracker, has acted as resource person. On the first day, Mr. Quraishi covers different important topics of personality development such as Communication skills, Interview skills, Group discussions, Motivational threshold, Memory power, Resume building, Life skills and Emotional intelligence etc. The first day program was ended at 5.00 P. M.

The second day program was started at 9.30 A. M. The speaker, Mr. Quraishi started the program with a quick revision of the main points of the previous day. The second day is basically for career planning and evaluation of the students (that they have learned from the lectures of the first day). In his speech he has uttered some golden rule how to decide one's career. He also explores about different career opportunities.

There are two methods of evolution that he has applied in the program and that were quizzing and assignment. Mr Quraishi selected four participants from our college to contest in Grand Finale IBTC 2020 which is going to be held on the month of April 2020. The selected students are Salmaa Ridhwanah, Ambika Dutta, Garima Khetwad and Farhan Ahmed. The expert also announced that he will select another participant from the rest and that will be selected on the basis of the performance in assignment. The second day program was last upto 4.30 P.M. Before conclusion of the workshop a small valedictory function was arranged where all four selected candidates has awarded with a certificate. Due to the scarcity of time all the participating certificate of the participant has sent to their respective department for distribution.

To carry out the whole programming starting from inviting the experts the help that we got from Principal and co-ordinator of IQAC cell of our college is highly appreciable. Also, I would like to thank all the members of the cell for their active participation throughout the program.
