

"Career and Counselling and Placement Cell", B. N. College Dhubri,

Assam

In accordance to the UGC guidelines, the "Career and Counselling and Placement Cell of B. N. College is constructed with five present active members to support the students in both the academic and career concerns and opportunities. As a basic degree (B. A. / B. Sc. / B. Com) college, the cell in collaboration with different sister cells and groups of the college has tried to improve the socio economic standard of the students by organising different awareness camp, entrepreneurship lectures and seminars, skill development programs, coaching classes for competitive exams, job fair etc. Including the all aspects the Career Counselling and Placement cell of B. N. College Dhubri is presently working on the following main objectives:

- To find out the sources of career and employment information, and inform the same to the students time to time
- To aware the students about different avenues of the career and placement field with the help of experts.
- To provide the awareness on entrepreneurship skills and motivation to become an entrepreneur
- To help them in choosing and preparing for the higher educational institutes and entrance examinations
- To provide training and coaching classes to improve different skill, employability and communication power.
- Provide job offers to the final year students.
