

**Report on Street play on cancer awareness organized by Sports and Cultural Committee,  
B.N College, Dhubri, Assam.**

*Students raised cancer awareness with street play.*

B.N College 23<sup>rd</sup> February 2019: To sensitize and educate the people on the dreadful killer disease cancer, students of B.N college from all the departments and members of the **Sports and Cultural Committee** organized a street play on cancer awareness at Debattar Hasdah part V, L.P School Gauripur Block & Dhapdhapi village weekly market on 23<sup>rd</sup> February 2019. Students delivered creative street play vividly depicting how cancer can kill humans silently. And introduction on awareness and prevention of cancer was given by one of the students of B.A 2<sup>nd</sup> semester. Cancer is one of the most prevailing diseases and is spreading at a very high rate due to modern life style. The disease is one of the most confusing, commonly misdiagnosed, and poorly understood entities because of the location of the involved area and their life style. The dialogue of the play was delivered in local language so that the message could be conveyed to the last person present. The villagers were immensely benefitted. Some of the villagers expressed their gratitude to the college authority for organizing educative street play by the students for the villagers- making them to rededicate their lives and fight for the cause of cancer elimination in the society.

**Here are some of the snap shots of the program.**
